

INTERNATIONAL ASSOCIATION OF CERTIFIED INDOOR AIR CONSULTANTS

Bringing Clean Air to Life®

The International Association of Certified Indoor Air Consultants, (IAC2,) is the non-profit, certifying body for home and building inspectors who have fulfilled certain educational and testing requirements including those in the area of indoor air quality.

Indoor air quality issues include mold, radon, biologicals, carbon monoxide, formaldehyde, pesticides, asbestos, and lead.

IAC2 Certified Inspectors have fulfilled the following minimum requirements:

- 1. IAC2 Certified Inspectors are all members in good standing with the International Association of Certified Home Inspectors, (InterNACHI,) which is the largest inspection association in the world with strict membership requirements*
- 2. IAC2 Certified Inspectors have all completed at least one additional 8 hour approved indoor air inspection-related course*

There is no cost to join IAC2. It is free to every inspector who qualifies. To apply for IAC2 Certification, you must be a member in good standing with the International Association of Certified Home Inspectors, (InterNACHI,) and have completed the appropriate IAC2-approved course.
